

With proper and safe tree care as our company's main focus, as it's been since 1969, hiring arborists for a variety of positions including that of pruning, removals, plant health care and sales, is a year round focus. Accredited by TCIA since 2009, Crawford Tree & Landscape Services, Inc. proudly provides a safe work environment that encourages growth and personal development at all times. The majority of our work is in the North Shore, maintaining trees and shrubs on beautiful properties for long-time clients of ours.

As a member of CTL's team of ISA Certified Arborists and Certified Tree care Safety Professionals, you will be surrounded by like-minded industry pros whose love of proper tree care drives them to improve the profile and reputation of the arborist profession.

Positions we staff:

- Production arborist (pruning, removals, stump grinding, supplemental supports, etc.)
- Plant Health Care arborist (foliar applications, soil injections, trunk injections, girdling root treatments, diagnosis, etc.)
- Sales/Consulting arborist (Sales, diagnosis, consultation, etc.)

Join a company where helping you achieve your personal and professional goals will be the first job of the day. With signing bonuses, highly competitive pay, benefits, continuing education re-imbusement, and more, CTL is a place where you will grow as an individual while being part of a strong team, proud of its history.
